SHARING YOUR BOUNTY

Thank You!

While all items are greatly appreciated, the food pantry is in special need of donations that help pantry guests eat healthy and live happily. As a donor, you can help by donating items that are:

Low in fat

Packed in water

Low in sodium

Packed in 100% juice

Gluten Free

Whole Grains

Food Drive FAQ

How do I register for a food drive?

Visit communityactionprovo.org to get started or contact the pantry directly during business hours. We are here to help!

How long should a food drive be?

It's recommended for 1-2 weeks. Ideally, it should be long enough to generate a good amount of food.

When should I deliver my donations?

Please call your local food pantry or the food bank in Provo to set up a time when donations can be accepted.

Won't the donated produce go bad before someone gets it?

Produce is kept in a refrigerator or other food-safe bins so that it stays nice and fresh for pantry guests. They are so excited when fresh produce is available, and often hard to keep it in stock! If something does go bad, it gets disposed of properly and is not given to a guest.

Do you accept donations other than food?

Yes! Donations of boxed diapers, shampoo, and more are welcomed! Contact the pantry if you want to donate something, but are not sure if it will be accepted.

Do you accept monetary donations?

Yes! On average, for each dollar donated we can feed a family of 4 for a day!

Is there anything else I can do?

Yes! Volunteer at a pantry location! It's a great team-building activity and you will learn how donations are put to use.
